

INTENSE RIO GRANDE HEAT WEEDS OUT NEW YORK REGIMENTS

ON THE RIO GRANDE WITH NEW YORK TROOPS, AND GEN. O'RYAN'S HEADQUARTERS

(Photograph Taken for The Evening World by Special Staff Correspondent.)

State of defense over a front in Mexico of seven miles.

Following is the text of the War Office statement:

"North of the River Sonora there were last night a number of local engagements. A counter-attack by the Germans took from the two little woods situated one kilometer (two-thirds of a mile) north of them. An attack by our troops resulted in our gaining another wood situated on the northern boundary of the same village."

"South of the River Sonora the night passed quietly along the major part of the front. A counter-attack directed by the Germans upon Belley was easily repulsed."

"The number of cannon captured by French troops which it has been possible to concentrate up to the present time reaches seventy-six. We also have taken machine guns to the number of several hundred. The exact figure in this case has not yet been learned."

"That the French losses have been comparatively insignificant is indicated by the maintenance on the front line of attack at their own request of the same two army corps that made the first assault on the German positions last Saturday morning. One of these corps distinguished itself before Verdun in February after having won laurels in the battle of the Marne and at all parts of the front where there has been heavy fighting. The other corps comprises chiefly colonial troops, and it also is counted among the elite of the French army organizations. The general command of each corps were again congratulated yesterday by Gen. Foch."

"Not all the divisions of these two corps have been actually in action, but had the calculations upon 5,000 men made prisoner by these troops, the French clearly appear to have suffered only slightly in comparison with the losses with which they were engaged. The new French trenches at the most advanced point are now in front of Verdun and the village of Mount St. Quentin, situated on an elevation 300 feet from the point from which, in 1870, the Germans bombarded Verdun."

"A wounded corporal gives evidence of the remarkable immunity of some of the French troops from heavy losses in describing the action of his company, which worked over three lines of German trenches without having a single man wounded."

CATHEDRAL AT VERDUN UNDER HEAVY CANNONADE

Violent Bombardments Along Entire Front, but No Infantry Attacks, Says Paris.

PARIS, July 6.—Verdun cathedral was heavily bombarded by the Germans last night with large shells, the War Office announced to-day.

Though violent bombardments occurred on the Verdun front, the Germans did not resume their infantry attacks.

The Germans bombarded the French second line trenches near Chateauvieux, near the Marne. On the east bank artillery duels continued on the sectors of Fleury and the Fumin wood.

In Alsace, a French detachment penetrated a trench near Bernhaupt, which was found to be full of dead Germans.

BERLIN, July 6 (via London).—Attempts made by the French yesterday to advance in the wood southwest of Fort Vaux, in the Verdun sector, were repulsed, says the official statement issued to-day at the German army headquarters. Similar efforts made by the French to recapture the Damloup Hill battery were unsuccessful.

U. S. MARINE GREATEST OF CUT PLUGS

Best Smoke on Market To-day—A Value That's Sensational

COOL, SWEET, FRAGRANT

No wonder the cut plug smokers in this city have gone for U. S. Marine with a rush!

It doesn't take long for real value to become known—and U. S. Marine is the greatest cut plug value in the world.

The snappiest, most satisfying cut plug you ever smoked—and it costs no more than an ordinary brand.

U. S. Marine is made of choice old Burley—sweet and tasty. This leaf is aged for 5 to 8 years to bring out every particle of its natural flavor and make it smooth and mellow.

U. S. Marine was introduced to New Yorkers only about a year ago—yet in that short time it has won widespread popularity and is by all odds the fastest growing cut plug tobacco on the market.

You get better tobacco when you buy U. S. Marine Cut Plug. Try a 25¢ package and see for yourself.—Adv.

SLAV ARMY CUTS ROAD TO LEMBERG; TROOPS IN DANGER

Russians Also Make Considerable Progress in Volhynia and North.

PETROGRAD, July 6.—Gen. Letchinsky has cut the Delatyn-Korosten railway, severing Gen. Count von Bothmer's lines of communication through the Kurland Pass with Hungary, dominating the defense of Lemberg, and has routed the Austro-German armies of the right bank of the Dniester; according to the latest official statements. Earlier statements told of the further progress of the Czech army, not only in Galicia, south of the Dniester, but in Volhynia and on the northern front, in the region south of the Niemen.

An official communication from General Headquarters says:

"On the western front, in the region of Vukobratovsk, a massive enemy formation delivered counter attacks, but was repulsed."

"During a hostile counter attack against the village of Kostukovka the advance guards were annihilated. We took two officers and 200 men prisoners."

"According to a report just received, the enemy, operating in the region on the right bank of the Dniester, was overwhelmed and put to flight. In this action we seized part of the enemy's organized position of the line Baskoff-Jiditcheff. We made some hundred prisoners."

"Half way on the railway line from Delatyn to Korosten we captured the village of Mikoupehine."

"In several sectors of the left wing of the Kila front we captured prisoners and machine guns. The Germans made further attacks, but were repulsed by our artillery fire."

"In the region north and southeast of Baranovichi the fighting continues. According to fresh information, one of our divisions took twenty-seven officers and 1,000 men prisoners."

"Yesterday a hostile aeroplane flew over Minsk and dropped thirty-one bombs, wounding three men, seven women and two children."

"At least 300,000 Austrian troops have been killed, captured or badly wounded since Gen. Brusiloff began his sweep through Volhynia, Galicia and Bukovina."

Gen. Letchinsky's advance in southeastern Galicia, after the capture of Kolomoia, has been so rapid that his army not only menaces the important city of Stanislaw, but Lemberg and the whole of eastern Galicia. The right wing of the Austro-German army is under heavy pressure."

The Austrians are staggering back along the muddy valleys of the Pruth and Dniester, abandoning great quantities of material."

A Russian Colonel furnished an illustration of the nature of the fighting in southeastern Galicia. Near Kolomoia, he said, a Russian field battery charged through the mud, cutting and capturing an Austrian battery, an incident that occurs very seldom in modern warfare."

BERLIN, July 6.—The Russians have suffered heavy losses. The fighting east of Wroclaw and south of Darnow, it was officially announced this afternoon, was favorable to the Germans.

After repeated Russian attacks on positions held by troops of Gen. Count von Bothmer along one sector of the front in Galicia had been repulsed the Teutonic lines were partially transferred to a neighboring sector, the War Office announced to-day.

Pierce fighting is in progress both in the Baranovichi region and along the front in Volhynia. In the former sector the engagements are proceeding favorably for the Germans, says the official statement.

BERLIN REPORTS SINKING OF BRITISH DESTROYER

London Asserts a Mine Sweeper Was Torpedoed but Was Not Sunk.

BERLIN (via London) July 6.—The Admiralty has made the following report:

"One of our submarines sank an enemy submarine destroyer in the North Sea on Tuesday."

"The submarine U-24, which carried to Cartagena, Spain, an autograph letter of Emperor William to the King of Spain and medallions for intended Germans, has returned after carrying out its task."

LONDON, July 6.—The British Admiralty to-day issued the following report:

"One of our mine sweepers in the North Sea was hit by a torpedo from an enemy submarine on Tuesday. It was slightly damaged and is now in harbor."

The vessel referred to as a submarine destroyer probably was one of the fleet of small swift boats which patrol the North Sea on the lookout for submarines.

Sinking of the French steamship *Herault* in the Mediterranean by a submarine was reported from Madrid on June 25. Thirty-six of the crew reached Castellon, Spain.

HURRICANE'S SWEEP CAUSED BIG DAMAGE

Wireless From Mobile Tells of Wreckage in That City—Loss of Life Feared.

NEW ORLEANS, July 6.—A wireless to the United Fruit Company here this afternoon from one of its steamers now in Mobile Bay said that the hurricane that swept the Gulf yesterday and early to-day caused considerable property damage at Mobile. There was no loss of life as far as could be learned.

Pensacola, the radio said, was safe. A brief wireless from the Coast Guard cutter *Talpoosa*, anchored off Mobile, stated that the wireless towers in that city were down, but gave no estimate of property damage or possible loss of life.

AQUEDUCT ENTRIES.

AQUEDUCT RACE TRACK, N. Y. July 6.—The entries for to-morrow's races are as follows:

FIRST RACE—Three-year-olds and upward, selling, one mile, 1:30. 1st, *Bay Breeze*, 120; 2nd, *Bay Breeze*, 120; 3rd, *Bay Breeze*, 120; 4th, *Bay Breeze*, 120; 5th, *Bay Breeze*, 120; 6th, *Bay Breeze*, 120; 7th, *Bay Breeze*, 120; 8th, *Bay Breeze*, 120; 9th, *Bay Breeze*, 120; 10th, *Bay Breeze*, 120; 11th, *Bay Breeze*, 120; 12th, *Bay Breeze*, 120; 13th, *Bay Breeze*, 120; 14th, *Bay Breeze*, 120; 15th, *Bay Breeze*, 120;
